THE BylITians

Journey

BylITians was created in 2018 by the vision and toil of Mr S.kumar, an IIT Delhi Alumni. We had a very humble beginning with a vision to provide an ideal launch pad for serious students. We actually started to make a difference in the way students think and approach problems. We started to develop ways to enhance Students IQ. We started to leave an indelible mark on the Students who have undergone BylITians training. We started changing lives. And all of this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence, which enabled us and our Students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the BylITians DNA.

The Success of our Students was inspiring and so was their faith in BylITians. It was this faith that was a catalyst for our venturing into areas beyond competitive exams. It was this faith that prompted us to embark on a mission to provide Wholesome School Education to Students .

Mr. S.Kumar
(IIT Delhi Alumni)
(Founder & Director bylITians)

“ This Journey from just a coaching institute to powerful brand in serious education has been exhilarating .However , the journey is not over yet .For us at BylITians , The journey will never be over...

For us, this journey itself is the destination.”

Major Features of classroom programs

ByIITians classroom programs are unique as they ensure the best possible result commensurate with the basic potential of the student and his/her ability to work hard.

The methodology developed by us and followed in our classroom for exams preparation lays emphasis on making students imbibe the fundamental concepts of subjects and sharpening their analytical skills and parallel thinking process.

This enables them to creatively resolve complex and tricky problems by mere application of basic concepts. ByIITians has realised that the IQ level of the Students rises significantly in the process. The methodology also ensures a seamless and stress free preparation for desired goals
